Call-up of Mary

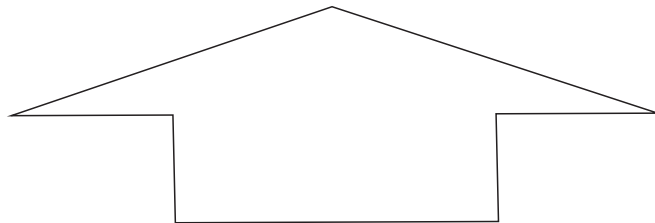

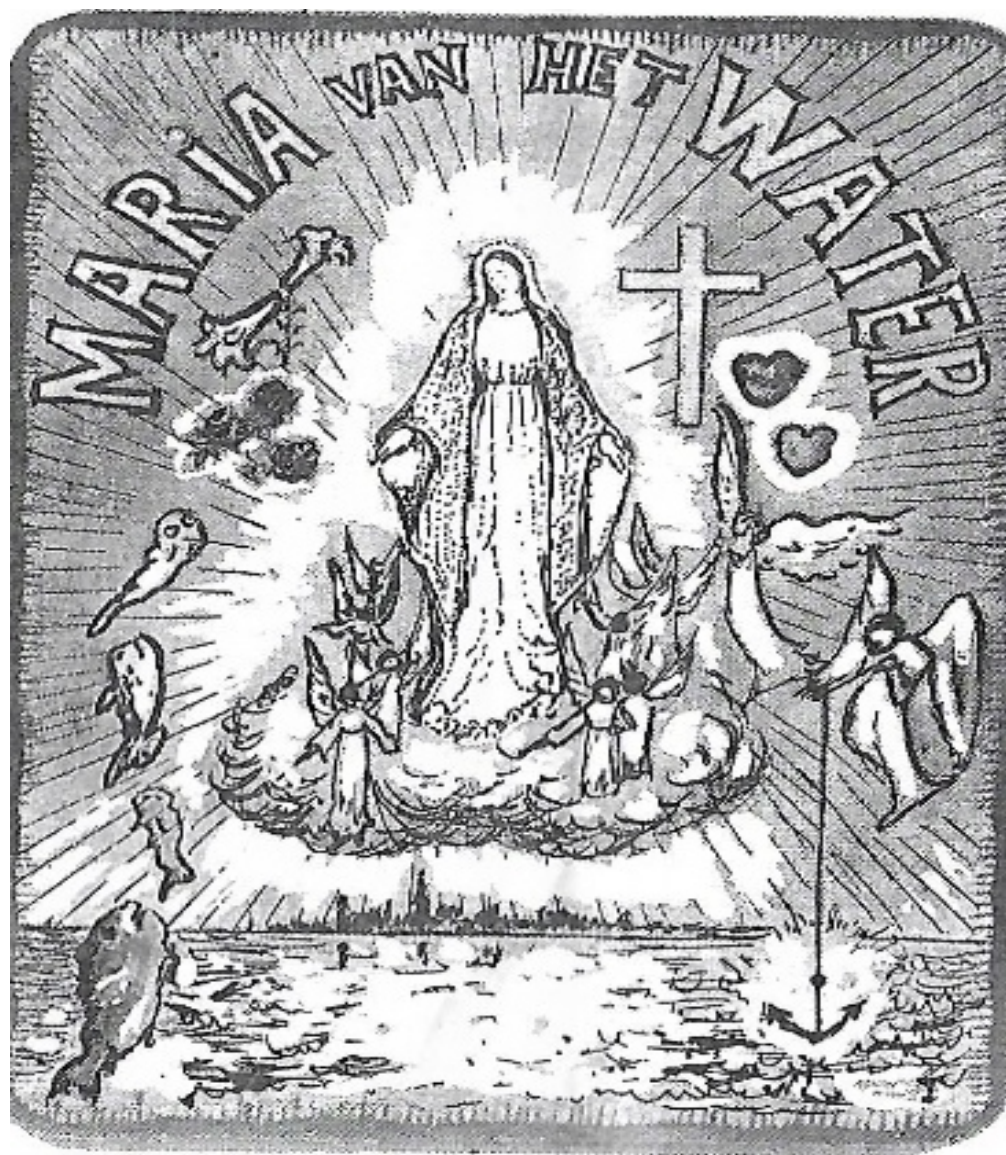

The Mother of GOD asks us to pray this „Waterprayer“ and gave us a magnificent little present in the form of symbols, like displayed in this picture.

All of this is out of love, to protect us from the FLOOD, which threatens humanity.

Mary asks us more and more „urgent“ to pray the Rosary. The most powerful weapon against evil.

Mary will help áll of us, who ask Her for help. She is the Mediatrix between Heaven and Earth. And She brings áll of us to GOD the Father.

Hille Kok

From the image in this publication, are pictures of which on their reverse-side have this prayer, available from Mrs. Hille Kok, Asterstraat 43, 1131 LR Volendam, The Netherlands. The picture is full of symbolism and has been given to her, by the Mother of GOD. A priest who constantly guides her, has had it drawn-out by a designer in the Academy of Art, in Amsterdam. It is printed in soft colors and has a golden margin.

Prayer : „Mary of the Water“

Oh, pure sweet Mary,
 Mary of the water.
 In You I ask mercy
 and bring the sacrifice
 which is being asked.
 Let me in my grief
 bring You abóve the water.
 Protect us from the water,
 which penetrates itself with joy
 but also with sorrow.
 Dear Jesus : bring us
 The Water of Life in abundance.
 But... protect us from the height
 And the destruction of the Water.
 Amen.
